“My best experience is reaching out to the Counseling Department and Transfer Services. Chau Nguyen and MaryAnn Medrano have helped pave the way to reach my success. They make themselves available and to make it a comfortable environment. I am currently working as a Behavioral Therapist at A.G.E.S Learning Solutions and go to Cal State East Bay.

- Daron Steven Pabelonio

As an immigrant and first generation college student, I received so much support from my counselors and teachers while at Mission College that allowed me to succeed academically, personally and professionally. After receiving two AA degrees from Mission, I transferred to San Jose State and received a degree in Business Administration with a concentration in Finance.

I chose to follow the path of my counselors and became a school counselor myself. In 2018, I graduated from San Jose State with a Master’s Degree in Educational Counseling. I am currently working at Foothill College as a part-time Veteran’s Counselor.

ENROLLING INTO CLASSES
Students can register for classes online via My Mission Portal starting on their assigned registration dates and until the day before the first meeting day of the classes. They can also register in-person at Admissions & Records located in SEC 118.

All classes of the District shall be open for enrollment to any person who has been admitted to West Valley or Mission College. Enrollment may be subject to any priority system that has been established. Enrollment may also be limited to students meeting properly validated prerequisites and corequisites, or due to other practical considerations, such as exemptions set out in statute or regulation.

Payment is due when you enroll in your classes. The drop for non-payment policy is in effect.

REGISTRATION FEES
Payment of fees is due at time of registration.

Be prepared to pay any outstanding balance on your account at the time of registration. Outstanding account balances will block you from being able to register in the future. Payments can be made either in-person at SEC 118 or online.

Mission College encourages all students to apply for financial aid for assistance with paying enrollment fees. To apply, visit the Mission College financial aid website or financialaid.missioncollege.edu or come to the Financial Aid office for help at SEC 118.

Payment Plan Options through Nelnet
Mission College is committed to providing you with options to pay your enrollment fees. By establishing a payment plan with Nelnet you will have the opportunity to select a payment plan to make your college enrollment expenses more convenient and manageable. For additional information go to: MyCollegePaymentPlan.com/wvc or call Nelnet at (800) 609-8056.

WVM ISSUED EMAIL
All students registered in the District will be assigned a WVM district email, yourname@mywvm.wm.edu. The email address can be used as an email address, access Canvas and also single sign-on for services. Students can go to mcportal.missioncollege.edu for details

DUAL ENROLLMENT-HIGH SCHOOL STUDENTS REGISTRATION
High school students seeking to take classes at Mission College are required to submit an online Application for Admission as well as a High School Dual Enrollment Form for each term they wish to enroll in. The Dual Enrollment Form may be submitted via email to: dual.concurrent@missioncollege.edu or in-person at the office of Admissions & Records before students will be assigned an online registration date. Students are highly encouraged to submit forms for Summer 2020 by Thursday, April 24, 2020; and by Thursday, July 23, 2020 for Fall 2020 registration to allow for processing time.

Registration in any college course must be approved by the student’s high school principal or designee, and parent/guardian. Students are required to meet any and all prerequisites for the course(s) into which they want to enroll. To obtain the High School Dual Enrollment Form and additional information pertaining to Dual Enrollment, please visit hs.missioncollege.edu.

Dually enrolled high school students are not allowed to register into Kinesiology and 900 level courses.

CLASS WAIT LIST
A class wait list is started when a class reaches its maximum enrollment capacity during the registration period. Students can add their names to a wait listed class before the class begins. During the registration period, if a student drops from a class that has a wait list, the first student on the wait list will be notified via email that a space in the class is available. The notified student will have up to 48 hours to register into the class. Should the notified student not enroll in the course by the end of the 48 hours the student will be removed from the wait list and the next student on the wait list will be notified that a space in the class is available. The notification system will continue to notify students on the wait list until the next notified student enrolls in the class or the class starts, whichever comes first. Students on wait lists are advised to monitor their WVM Email Address regularly to check for any wait list status(es) notifications.

ADDING A CLASS WITH ADD CODES
On and after the first day of instruction and through the Add/Drop period students that want to add into a class must contact the instructor and ask for an “Add Code.” Students will use add codes to enroll themselves into a course via My Mission Portal. Students must use assigned add codes before the Add/Drop period deadline (see Calendar for dates). A different add code is required for each class to be added on or after the first class meeting. Successfully adding a course online with an add code is a two-step process 1-validation, 2-submitting changes. Students may not be able to add a course on or after census date without special permission. Adding classes after the refund deadline will require that new fees be paid.

DROPPING/WITHDRAWING FROM CLASSES
It is the student’s responsibility to drop/wtihdraw from classes. Do not assume that you will be dropped by the instructor or by any process that drops students for non-payment. If you do not drop classes that you no longer want to be enrolled in by the published deadlines, you, the student, will be responsible for payment of all enrollment fees related to the class (even if you never attended), and for any grade assigned by the instructor. Classes may be dropped via My Mission Portal.

COURSE REPETITION AND FAMILIES OF COURSES
State regulations severely limit the ability of courses to be repeated after receiving a passing grade. In addition, there are groupings of courses in the West Valley-Mission Community College District with similar active participatory content called "families" within the Kinesiology, Wellness & Human Performance, Physical Education, Art, Theatre, and Music disciplines. West Valley and Mission College courses in these defined families are linked, independent of the location taken, and students may only attempt up to four courses in any single family. An attempt is defined as receiving any grade or notation (e.g., W for withdrawal) in any previous or current terms - this is a cumulative count of attempts. If a family has less than four courses in its offerings and you have a received grade notation for each of its courses, the maximum attempts have been reached.

Students with documented, extenuating circumstances must complete and submit a Student Petition to the Admissions & Records Office for consideration of beyond four attempts within an individual family.

Refer to the table in the online schedule, campus catalog or consult with a Counselor to review the full list of courses within families

REFUNDS
To be eligible for a refund of enrollment fees students must drop classes by the published deadline.

Dropping a class after the published deadline will result in loss of enrollment fees. Refund requests for ASB cards and Parking Permits must be made at the Admissions & Records by the “last day to drop with a refund” deadline. A parking permit refund requires the return of the parking permit.

Refunds for Credit Card payments will be returned to the credit card used to pay the fees. Check and cash payments will be refunded by check and mailed to the student’s current home address on record. It is important that we have a current address on file. Refunds for eligible students are processed after census for full term courses, unless otherwise requested by the student. Refunds for complete withdrawals from short term courses are processed within 7 to 10 business days.

PREREQUISITES
Some courses have prerequisites. A prerequisite is a class or skill that is required before you can enroll into a preferred class. Prerequisite information for individual classes can be found in the college catalog course listings. For information on how you may be able to clear prerequisites through alternate means visit placement.missioncollege.edu.

AUDITING OF COURSES
Mission College allows auditing of courses except for courses in programs that require special preparation and/or program admission on a limited basis. The California College Promise Grant will not cover the fee for an audit class.

PARKING INFORMATION

PARKING REGULATIONS - OVERVIEW
A valid student, staff, or one-day “daily” visitor parking permit is required to park on campus. Student and visitor parking permit requirements are enforced Monday through Sunday, between 7:00 AM and 10:00 PM. Purchase and/or possession of a permit does not authorize parking on campus. It is the responsibility of the driver to properly park the vehicle and to properly display a valid and authorized permit. Vehicles with car covers are no exception. Restricted areas, including disabled parking, red zones, loading zones, staff parking, and time zones, are enforced every day, 24-hours a day. Overnight parking is prohibited without prior authorization from the District Police.

PURCHASING A PARKING PERMIT
A semester-length student parking permit may be purchased online at missioncollege.edu or in person at the Admissions and Records Office. For online purchases, a printable temporary permit will also be provided if the permit purchased is currently in use. To purchase a semester-length permit, either online or in person, you will need to know your vehicles make, model, color and license plate number. If you are a Financial Aid student receiving a California Promise Grant (Formerly Board of Governors Waiver), you can purchase your permit online but you must do so via the link in the student portal located on the college website, and you must enter your student ID number when prompted.

Semester-length parking permit refund requests must be made in accordance with the refund schedule identified by Admissions. For permits purchased in-person at the Admissions Office, please take your permit to the Admissions Office to request a refund. For permits purchased online and mailed to your home, please take your permit to the District Police office.

One-day “Daily” parking permits may be purchased at any of the daily permit dispensers located in parking lots B, C and D. Daily permits are $3.00 per day and all dispensers will accept cash, coins, and credit cards.

To be valid, all permits must be displayed on the front dashboard and the entire permit, including the expiration date, must be visible from the outside of the vehicle.

SUMMER SESSIONS PARKING INFORMATION
There is no student parking grace-period offered during any of the summer sessions. All vehicles parked on campus during the summer sessions must have a valid parking permit properly displayed at all times.

FALL SEMESTER PARKING INFORMATION
A student “grace-period” will be observed during the week immediately prior to the start of the fall semester and during the first week of the fall semester. Please note that the grace-period no longer includes the second week of the semester. During the “grace-period” no parking citations will be issued to any vehicle that is parked in a marked student parking stall without a permit; all other parking violations will be enforced. Parking citations will be issued to vehicles failing to display a valid student parking permit.

GENERAL PARKING INFORMATION
VISITOR PARKING - Visitors who will be on campus for a brief visit may take advantage of a limited number of free forty (40) minute time zone parking stalls located in the front row of Parking Lot A, or in our new visitor lot, located next to the Student Engagement building at front entry circle. Visitors planning a longer visit to campus should purchase a one-day “daily” parking permit at any of the daily permit dispensers located in parking lots B, C and D.

MOTORCYCLES/TWO-WHEELED VEHICLE PARKING -- Motorcycles and other two-wheeled vehicles are prohibited from parking in spaces designated for four-wheel vehicles. Designated motorcycle parking is available at the front of each parking lot. No parking permit is required for two-wheeled vehicles.

DISABLED PARKING - All individuals who are disabled (as defined in the California Vehicle Code Section 295.5) and use a designated disabled parking stall must display a valid placard or specialized license plates issued by the DMV. Failure to display a valid placard or plate may result in a citation and fine.

SPECIAL PARKING AND LOADING Students or Staff members who have special parking or loading needs must make arrangements with Parking Services in advance. Business cards or notes left on the vehicle are not acceptable and a citation may result. No warnings are issued.

ELECTRIC VEHICLE CHARGING – Electric vehicle charging stations, also known as “E.V.” stalls, are located in the front row of Parking Lot D. Students, staff, and visitors are welcome to use the charging stations; however, a valid student, staff, or one-day visitor permit must be displayed on the vehicle while it is parked in an “E.V.” charging stall. In addition to the permit requirement, all vehicles parked in an E.V. stall must also be actively charging and must not exceed the posted time limit.

LOST/STOLEN PERMITS - Stolen permits should be immediately reported to the District Police Department by calling 408-855-5435 or by visiting the Police business office located at the Campus Center.
