CLASSES START IN JANUARY

PART OF YOUR COMMUNITY

MISSION COLLEGE

missioncollege.edu

NEW PLAZA OPENING IN 2020

Ángel Mora Transferred to UC Santa Cruz
Mission College is transforming. Thanks to the passage of recent bond measures, the next step to our transformation is the new central plaza. Opening in Summer 2020, it replaces the space once occupied by the Main Building—Mission’s first building. It will feature an equity walk, performance area, outdoor classroom space, and a reflection fountain. In the future, Mission will build a technology building, a STEM Building, a performance venue and upgrade its athletics fields. Thank you to the community for your support!

Mission College has been a part of our community since 1975. Located next to Great America and Levi’s Stadium, we are a two-year community college. We offer hands-on training, transfer degrees and a true sense of community. Ask your neighbors and friends, many have taken a class at Mission College in Santa Clara. We have trained future firefighters, nurses, accountants, graphic designers, small business owners and those in the service industry. Our community is your community.

We also realize the challenges of obtaining higher education. Many of our students are facing the high costs of living in the Bay Area. Many students work during the day and take a class in the evening or online. That is why we have partnered with Second Harvest Food Bank for monthly food pantries and our food for textbooks program; VTA for a free SmartPass on transit; and the 100 Day Challenge to house homeless students. We realize the struggles and work to address them.

We also offer a Mission Promise of free tuition for two years and up to $1000 for qualified students.

Finally, we hope you can stop by our campus and let one of our friendly Welcome Center Ambassadors show you around campus, help you register and get you working towards the career of your dreams.

Mission College Athletics is turning 40. Founded in 1979-80, our athletics teams have won two state titles and 15 conference titles. Today we are led by former Major Leaguer Bobby Hill, who has led the Saints to Regionals three times in five years; and Corey Cafferata, whose basketball teams have reached the playoffs in seven of the last nine years. Those two programs alone have sent over 50 students to four-year schools after graduating from Mission College. Mission has seven programs overall—baseball, women’s basketball, men’s and women’s tennis, badminton, softball and women’s volleyball. We are also planning our first Hall of Fame later this year and are looking for nominees. We are looking to connect with former athletes and asking them to tell us what they are doing at alumni.missioncollege.edu. You can also email nadler@missioncollege.edu.

Josh Lauck transferred to the baseball powerhouse, Miami, after being named a two-time first team all-conference third baseman at Mission. He hit .318 in his career with 77 RBIs and 91 runs. He transferred with a degree in business. “I have always been into business because of my mom. Mission instructors got me thinking about what I wanted to do later on in life and really take the next step with what I want to do with my career.”

Mission College is recruiting for the Spring seasons:
• Women’s Softball
• Men’s and Women’s Tennis
• Women’s Badminton
• Women’s Volleyball (Fall 2020)

Must carry 12.0 units, of which 3.0 are your Intercollegiate class.
In partnership with Second Harvest of Silicon Valley, over 120,000 pounds of canned food, fresh produce, and meat were donated this year. Mission College was able to serve over 3,000 families consisting of both students and our community. We would not be able to do this without our volunteers, which has grown from staff and faculty to now student workers and military reserves. We are excited to continue our partnerships as we expand our Hunger-Free Initiative.

need help with your taxes? Mission College has partnered with the Internal Revenue Service in the Volunteer Income Tax Assistance (VITA) Program. IRS-certified student volunteers provide FREE basic income tax return preparation to qualified individuals and families who earned $56,000 or less for tax filing year 2019. application at billwilsoncenter.org.

Here at Mission, we are not just a college, we are a family. We like to have fun and learn at the same time. Mission College has over 10 active clubs and hosts over 25 different events a year. From BBQ’s to volunteering in our community there is something for everyone to get involved in. To view all of our organizations visit missioncollege.edu/student_services.
**GRAPHIC DESIGN**
Mission College’s Graphic Design program swept all five awards of the “Big Ad Challenge” sponsored by the Silicon Valley Business Journal and Wells Fargo. All four teams are current Mission College students who were taking the Design Agency and Branding class. The winning team, Paper & Pixels, was working for Gothic Landscape and earned the small business $25,000 in advertising in the Journal over the next year. Design with us at: design.missioncollege.edu.

**HOSPITALITY MANAGEMENT**
In our Hospitality Management program, you will learn how to develop powerful and effective management skills and gain real-world experience in our student-operated restaurants and high-impact hands-on opportunities. Stop by the Bistro every Tuesday and Thursday during the semesters to see what's cooking!
hm.missioncollege.edu

**FIRE TECHNOLOGY AND EMT**
The Fire Protection Technology program is designed to provide students with updated skills and knowledge necessary for fire service careers. The curriculum serves as an in-service program as well as a pre-employment program for students seeking employment in the profession of firefighting. EMT training also available.
firetech.missioncollege.edu

**SAP CERTIFICATE**
Did you know that SAP is the world’s largest provider of enterprise application software and serves more than 437,000 companies in 180+ countries? SAP software manages all aspects of a company’s business operations.

The skills attained in the SAP certificate program will help put a student’s resume at the top of the pile. Additionally, the SAP certificate program helps students prepare for the CPA exam, and fulfill degree and elective requirements. Course credits transfer to a California State University.
sapua.missioncollege.edu

**MISSION COLLEGE GAVE ME THE EXPERIENCE NEEDED TO ENTER THE WORKFORCE**

**BUSINESS & ACCOUNTING**
Business skills are applicable to a wide range of areas and careers. Whether you are pursuing a career in business or another discipline, Mission College’s Business or Accounting Department can help you build the skills necessary to succeed on the job. We offer courses in a wide range of topics as well as degree and certificate programs.

**HEALTH OCCUPATIONS**
Mission College offers several areas of study resulting in certificates, degrees, or licensure in the field of Health Occupations. These include Nursing Assistant (NA), Home Health Aide (HHA), Vocational Nursing (VN), and Registered Nursing (LVN-RN) programs. Each program is unique with its own required prerequisites, course work, labs, and clinical studies.
nursing.missioncollege.edu

**COMPUTER SCIENCE & INFORMATION TECHNOLOGY**
The Computer Information Technology program prepares students to design, administer, maintain, and troubleshoot networks of different sizes. Skills gained include network management, network design software development, and equipment and system sales. The Computer Information System’s program is designed to provide students with the knowledge and skills required in the computer science and information technology area. A Cisco Networking certificate is also available.
csit.missioncollege.edu

**CHILD DEVELOPMENT**
The Child Development Program prepares students for future work as early childhood educators in diverse early childhood settings. The program is designed to complete a degree within two years and certificates can be completed in 1 to 4 semesters. This training is done at our Child Development Center on campus.

**HAN D S - O N TRAINING**

CTE.MISSIONCOLLEGE.EDU

**MISSION COLLEGE**
Mission College is a public community college located in Santa Clara County, California. It offers associate degrees, certificates, and transfer-level coursework in a variety of disciplines. The college is committed to providing access to higher education for all students, regardless of background or circumstance.
STUDENT SUPPORT SERVICES

VETERANS SERVICES
Mission College Veteran Services is proud to be able to provide our student veterans with their own services and space. It is a place where they can meet-up in-between classes to study or take a break.
vctor.missioncollege.edu

EOPS PROGRAM
EOPS offers educational support services and grants to students who have experienced economic, educational, and/or language challenges, and who are often the first generation in their families to attend college. Scholarships are also available from community groups, like the Santa Clara Convention Center pictured above.
eops.missioncollege.edu

HONORS PROGRAM
The Honors Program provides highly motivated students the opportunity to work closely with instructors and other motivated students in advanced levels of critical thinking, analysis, research, writing, communication, and collaborative learning.

MISSION COLLEGE MISSION COLLEGE MISSION COLLEGE MISSION COLLEGE

MISSION IS HERE FOR YOU

CalWORKs
The CalWORKs Program provides educational support and resources to families with children at home.
calworks.missioncollege.edu

DSP & S
The DSPS program’s goal is to support the students with a disability to enter campus life, its programs and activities, both on campus and through online education.
dsp.missioncollege.edu

TRIO PROGRAM
TRIO is a federally funded Student Support Services (SSS) project focused on increasing the graduation and transfer rates for low-income, disabled, and/or first-generation college students by providing support and resources above and beyond those offered by Mission College.
trio.missioncollege.edu

Puentes’s mission is to increase the number of educationally disadvantaged students who enroll in four-year colleges and universities, earn college degrees and return to the community as mentors and leaders for future generations.
puente.missioncollege.edu

EOPS celebrated their 50th year of serving students
ASIA DEGRAN
Asia DeGraw’s story of success comes with the help of others. Her story began as a homeless, pregnant mom of a toddler, realizing the only way she could pay for childcare was to work in the childcare industry. So she enrolled part-time at Mission. Instructor Camilla Weiberg told Asia that the Center also offers reduced fees for full-time students. The costs worked out and it allowed her to take classes full-time and have her children on campus. It was then she could pursue her lifelong passion for Astrophysics. It also allowed her to take advantage of Mission’s services—MESA, TRIO, and DSPS. From there, hard work paid off and she is now studying at UC Berkeley. All with a little help from the Mission Community.

"I found a community at Mission with other students who were just as motivated to succeed as I was."

MICHIGAN COLLEGE
Mission College honored one of Santa Clara's long-time families with the dedication of the Von Raesfeld Fire Tower. A family dedicated to public service with two generations attending Mission College, most notably the Fire Tech program. Don and Celine Von Raesfeld raised nine children, where three sons Myron, Darryl, and Marty (pictured above) each went through the fire tech program at Mission College and became firefighters.

Take an English Class with One of Our Published Authors

Here are our three Mission College faculty and authors that share their knowledge with aspiring students.

Ted Shank - Follow the Flickering Down
Teaching: English Literature From the 19th Century to Present & English Composition

Donnelle McGee - Ghost Man, Shine & Naked
Teaching: Creative Writing & English Composition

Venus Jones - She Rose & Lyrics for Langston
Teaching: Public Speaking

Mission College is in the heart of Silicon Valley, which provides our students with many opportunities. This year Mission College students took a tour of our neighbor McAfee and learned about the security tech company. The morning consisted of a tour, a panel discussion with members of the McAfee team and other projects revolving around working in tech.

Mission College has also toured Levi’s stadium to learn about the hospitality industry and Intel to learn about the data industry.

CAREER CENTER

Whether choosing a first-time career or preparing for a mid-life career change, use our resources to assist in making important decisions.

Employers will post jobs and internships exclusively for Mission College students.

jobs.missioncollege.edu
The Mission Bistro is located in the Freeberg Foundation Hospitality Management Building on campus.

Each day's menu and operation is planned and executed by Mission College students. In the final phases of their education, students are eager to display their training and creative talents. This student-run restaurant provides real-world experience.

For current menu: hm.missioncollege.edu

The Mission Bistro is open
