Associate in Science in Business (AS)

The Associate in Science in Business is a two-year program designed for students who intend to seek employment directly after its completion or pursue a 4-Year Degree in Business. The curriculum provides essential knowledge and skills in computer applications, business law, business communications, management, entrepreneurship and marketing. Students can pursue their interest in several specialized areas of business (global business, human resources management, project management, business operations, finance, marketing and entrepreneurship) through their choice of business electives.

Program Learning Outcomes:
- Select the best software application to formulate productive solutions.
- Identify and describe the major legal, and/or ethical, and/or social issues confronting today’s contemporary organizations.
- Use well organized and accurate business communication channels, including: written research analysis, and/or verbal presentations.
- Develop business strategies to create and sustained profitability in a dynamic economy.

Career/Transfer Opportunities:
Career opportunities include the following: project coordinator, buyer, bank teller, business owner, sales representative, operations specialist, retail manager, and human resource specialist.

To earn this degree, students must meet the following requirements:
1. Completion of 60 degree applicable units with an overall GPA of 2.0.
2. Completion of a minimum of 18 semester units in the major with a grade of C (or P) or better.
3. Completion of the AA/AS Graduation Requirements, CSU GE-B or IGETC.

This program can be completed entirely online.
