Community Health Worker Certificate of Completion (Non Credit)

The Community Health Worker Certificate of Completion provides students with health education, care management, and client advocacy in both community-based and health care settings. CHWs serve a two-way bridge between communities and key health and social resources. They play a vital role in reducing health inequalities among under-served communities by reducing barriers to access in a culturally appropriate way. .

Program Learning Outcomes:

- Students will describe public health concepts and information for health promotion.
- Students will assess and integrate professional skills necessary for employment in the CHW field.
- Students will evaluate and implement entry-level proficiency in CHW core competencies for working effectively with diverse individuals' groups and communities.

Career/Transfer Opportunities:

Students who complete the program are eligible for immediate employment as entry-level community-health workers in a variety of home-care and agency settings.

Students must complete the following courses:

		Units / Required Hours
NCH 001CW	Introduction to Community Health Work	0 / 54.0
NCH 002CW	Introduction to Chronic Disease Management	0 / 54.0
NCH003CW	Externship for Community Health Worker	0 / 54.0
Total Required Units:		0.0
Total Required Hours:		162
