Community Health Worker: Certificate of Completion (CC) (Noncredit)

The Community Health Worker Certificate of Completion provides students with health education, care management, and client advocacy in both community-based and health care settings. CHWs serve a two-way bridge between communities and key health and social resources. They play a vital role in reducing health inequalities among under-served communities by reducing barriers to access in a culturally appropriate way.

Program Learning Outcomes:

- Describe public health concepts and information for health promotion.
- Assess and integrate professional skills necessary for employment in the CHW field.
- Evaluate and implement entry-level proficiency in CHW core competencies for working effectively with diverse individuals' groups and communities.

Career/Transfer Opportunities:

Students who complete the program are eligible for immediate employment as entry-level community-health workers in a variety of home-care and agency settings.

Core Requirements: Complete all of the following

	Required Hours
NCH 001CW Introduction to Community Health Work	54.0
NCH 002CW Introduction to Chronic Disease Management	54.0
NCH003CW Externship for Community Health Worker	54.0
