One of the benefits of this program is the community and college interaction which involves employers, students, and faculty in a positive educational effort.

Each student participating in Cooperative Work Experience Education is assigned to a faculty-advisor who meets with the student and his/her employer to discuss, define, develop and write measurable learning objectives in developing short- and long-range career goals.

### Learning Outcomes:

Students who complete Work Experience will:

Students will complete the required hours of work and demonstrate progress on their learning objectives in order to receive Work Experience credit.

The learning outcomes are assessed through a combination of the employer evaluation and a meeting between the Work Experience Instructor, student and employer.
