WHAT & WHY?
Changes to priority registration throughout the California Community Colleges system will help you get the courses you need to meet your educational goals. Priority registration will be given to students who work with a counselor or advisor to develop an education plan, succeed in their classes and stay on track. Mission College staff will be providing services to help. Yes, it really is that easy.

WHEN
You will need to pay attention to what you are doing now so you can enjoy the benefits of priority registration in the future.

WHAT DO I NEED TO DO?
Continuing students
Check-in with a counselor or advisor to develop or update your education plan.
Maintain good academic standing with at least a 2.0 GPA. If you don’t, you will lose your priority enrollment.
Don’t enroll in more courses than you think you can finish.
You must complete at least 50% of your enrolled units each semester or quarter.
Don’t accumulate more than 100 units by fall 2014, excluding most remedial and ESL courses. If you are nearing 100 units you should meet with a counselor as soon as possible to plan your remaining courses to meet your goals.

New Students
Complete college orientation.
Complete the assessment process.
Meet with a counselor or advisor to develop an education plan.
Once you begin your higher education journey, maintain good academic standing.

WAIT! I’M ON ACADEMIC PROBATION... NOW WHAT?
If you’re on academic or progress probation you should meet with a counselor or advisor as soon as possible to develop a game plan to get back on track to meeting your academic or career goals. An appeal process is available if you lose priority. You should check with the Mission College Admissions Office for more information.

SOME SPECIAL CONSIDERATIONS
Former and current foster youth, active duty military and recent veterans will continue to receive the highest priority registration as provided by California law as long as you meet the outlined requirements.

Students in Extended Opportunity Programs and Services and Disabled Students Programs and Services who have completed orientation and assessment and have an education plan in place will also receive high priority.

YOUR REWARD
With this new priority registration system, students who are making progress toward their goals will be rewarded for their efforts. If you stay focused on your goals you should be able to get the classes you need to succeed. If you need help understanding and meeting the new requirements at Mission College, make an appointment with a counselor or advisor today.

Financial Aid Information

Maintaining Perspective
The purpose of financial aid is to assist students in their pursuit of education and career goals by removing some of the day-to-day financial pressures that may interfere. Federal and state financial aid is intended to supplement, not replace, a student’s resources. In other words, students are expected to contribute, to the extent they are able, toward their educational costs. Mission College offers a variety of federal, state and institutional aid programs to assist students in meeting the costs of their education.

To obtain information on eligibility requirements and necessary application forms, students are encouraged to visit the MC Portal to review your file status, stop by the Financial Aid Office or visit our website:

Some awards are subject to availability of funds; therefore, it is highly recommended that you apply as early as possible.

May 16 – 22, 2015 (Saturday Classes Finals: May 16, 2015 ) Final examinations will not be given in advance of scheduled times.

A final examination is required of all students in all classes. Semester-length courses are required to have a final during the scheduled exam period. All finals will be two (2) hours in length. The following are guidelines which will determine your final exam schedule for full semester-length courses.

PSYCH012 section 31487 meets Thursday evenings from 7:00 pm to 10:10 pm. Your Final Exam would be held on Thursday, May 22, 2014 from 7:30 pm to 9:30 pm in room N3-501.

Course Repetition and Families of Courses

New State regulations severely limit the ability of courses to be repeated after receiving a passing grade. In addition, there are groupings of courses in the West Valley-Mission Community College District with similar active program content called “families” within the Kinesiology, Wellness & Human Performance, Physical Education, Art, Theatre, and Music disciplines. West Valley and Mission Colleges’ courses in these defined families are linked, independent of location taken, and students may only attempt up to 4 courses in any single family. An attempt is defined as receiving any grade or notation (e.g., W for withdrawal) in any previous or current terms – this is a cumulative count of attempts. If a family has less than 4 courses in its offerings and you have received passing grades for each of its courses, the maximum attempts allowed may be less than 4.

Students with documented, extenuating circumstances must complete and submit a Student Petition to the Admissions & Records Office for consideration of attempts beyond 4 within an individual family.

Refer to the table in the on-line schedule, campus catalog or consult with a Counselor to review the full list of courses within families.
Before you enroll in degree applicable courses, it is recommended that you are eligible to enroll in English 001A and Reading 054.

Please choose Search for Courses on the home page (missioncollege.edu) for full section details.
