Study abroad in a rainforest and earn Mission College credit

TROPICAL ECOLOGY FIELD STUDIES (BIOSC30L) travels to Costa Rica from March 26-April 2, 2017. Students will take a "skywalk" up in a rainforest canopy, view wildlife, meet scientists, take night hikes, visit butterfly farm, make leaf prints, study medicinal plants, bird watch, tour sustainability projects, meet locals and more. All inclusive economical price (approx. \$1999) includes airfare.

Take **TROPICAL ECOLOGY (BIOSC30)** section 49223 this Fall. Note: This 3 unit online only, lecture course is open to everyone and may be taken with or without the intention of taking BIOC30L.

Contact instructor for more info about either class

PHIL*002	Introduction to Logic Advisory: Eligibility for ENGL 001A and READ 054. Students are introduced to techniques for evaluating the quality and correctness of a chain of thought. One of the goals of learning these techniques is to extend one's thinking and learning beyond simple memorization and repetition; that is, one begins to understand what it means to think critically about a subject matter. Another aim is to improve one's ability to read critically and to recognize and avoid logical errors. This class demonstrates that there are right and wrong ways to reason, and that good reasoning is a skill that can be developed and improved. Pass/No Pass Option. (UC/CSU)
