Welcome to MISSION COLLEGE

ARE YOU READY TO EMBARK ON A TRANSFORMATIVE JOURNEY WITH MISSION COLLEGE?

Greetings! I am Dr. Seher Awan, the very proud president of Mission College. It is with genuine enthusiasm that I extend a warm welcome to you for the upcoming summer and fall terms of 2024.

In a world that is rapidly changing, are you prepared to evolve with it? Mission College is here to guide you through this dynamic landscape, building skills, careers, and shaping your future in the process.

I want to underscore the significance of your decision to prioritize yourself and invest in your future by choosing Mission College. Our institution is fully committed to aiding you in realizing your personal and professional aspirations. You are a valued member of the Mission College community, and we are wholeheartedly dedicated to fostering your success and honoring your unique identity, regardless of your current life stage.

Our faculty, classified professionals, and administrators, hailing from diverse backgrounds, share an unyielding commitment to your success. We have numerous resources in place to ensure you possess all the necessary tools to thrive, both within and beyond the classroom.

Whether it involves providing you with complimentary laptops and high-speed Wi-Fi, assisting with housing and food, or offering various support services, rest assured that we have you covered. As a new initiative, we are delighted to announce the offering of free tuition to all individuals within our service area.

Now, let us embark on this term with an unwavering focus on YOU. What are your needs for pursuing your dream career? How can we support your mental health and overall well-being? Furthermore, how can we assist you in bringing your authentic self into the classroom and onto our campus? Whatever your requirements may be, we are here to guide you in turning your dreams into reality. We genuinely care about your well-being and the success of both you and your family as you become an integral part of our vibrant campus community.

At Mission College, we firmly believe in the power of unity. We are a closely-knit community that thrives on mutual support and empowerment. I encourage you to actively engage with our community by participating in our clubs, committees, and the Associated Student Government. Your voice and identity matter at Mission, and you have the ability to make a profound impact in our community.

I have unwavering confidence that your experience at Mission College will be truly extraordinary. Always remember that I am here for you every step of the way. Do not hesitate to visit my office for a chat or drop by during my open office hours on Thursdays from 11 a.m. to noon. I eagerly anticipate the opportunity to meet you on campus and celebrate your success on the graduation stage.

Mission Statement

Mission College serves the diverse educational needs of our student population by providing equitable access and support towards completing associate degrees and certificates aligned with transfer and career pathways to meet educational and personal goals as well as the workforce demands of the city of Santa Clara and Silicon Valley.

Vision Statement

Empowering every student to find their mission.

Getting Started at Mission

**Thank you for choosing Mission College as your educational partner!
We're dedicated to providing you with the support you need to succeed.**

If you ever need assistance, you can easily connect with our team through live chat at welcome.missioncollege.edu.

We understand that life can become hectic, and if you happen to miss a semester, don't worry! You can easily reactivate your student ID through CCC Apply. If you've misplaced your student ID number, we have a solution for you: Visit web.wvm.edu/whatsmyid/gnumber to retrieve it.

Our dedication is to make sure your experience at Mission is seamless and successful. We are eager to witness your accomplishments.

START AT [APPLY.MISSIONCOLLEGE.EDU](https://apply.missioncollege.edu)

1

APPLICATION PROCESS

- Initiate your application through CCC Apply by visiting cccapply.org. Within 24 hours, you'll receive a Student ID Number (e.g., G01234567). The CCC ID number is distinct from your Mission College ID number.
- F-1 international students should not use CCC Apply for their application. Instead, they should provide their information through the International Student Application at iis.missioncollege.edu.
- High school students must obtain approval from a counselor or principal for their selected courses. Refer to hs.missioncollege.edu for comprehensive information.
- Discover valuable college resources on MyPath by accessing your My Mission Portal.

2

APPLY FOR FINANCIAL AID

- Apply for Financial Aid by submitting the Free Application for Federal Student Aid (FAFSA) at studentaid.gov/h/apply-for-aid/fafsa or the CA Dream Act Application at dream.csac.ca.gov. FAFSA can take between 2-3 weeks to process. You will need the Federal School Code (014458).

Visit financialaid.missioncollege.edu for information

3

DETERMINE YOUR PLACEMENT

- Complete the Self Placement Process for Math and English in your My Mission Portal.
- Clear prerequisites from prior experience or college classes, if applicable, via the Assessment webpage.
- Students taking ESL for credit classes need to complete a separate ESL assessment.

For support, visit assessment.missioncollege.edu

4

COMPLETE THE REQUIRED ORIENTATION

- Visit the My Mission Portal to complete the self-paced, online orientation.

View the orientation video about getting started at welcome.missioncollege.edu

5

MEET WITH A COUNSELOR TO SELECT CLASSES

- Go to My Mission Portal or the Counseling webpage to schedule an appointment or drop-in and visit them.

Visit counseling.missioncollege.edu to learn more

6

REGISTER AND PAY FOR CLASSES

- You can register for classes via My Mission Portal with a current Student ID Number (Example: G01234567).
- Fees are due at the time of enrollment and must be paid at the start of a term.

For more, visit missioncollege.edu/admissions/become-a-student

7

WVM EMAIL / SINGLE SIGN-ON

- You will need a West Valley-Mission Community College District email address to access services via single sign-on and will receive a WVM email address once you register for classes.
- It can take up to 72 hours after you receive a student ID number (G01234567) for all your resources to become active.

Equal Opportunity Statement

West Valley-Mission Community College District is an open-access community college district. West Valley-Mission Community College District does not discriminate because of age, sex, disability, race, color, or national origin in any of its programs or courses of study.

Admissions and Enrollment

Registering in Classes

You may register/enroll for classes online via My Mission Portal starting on your assigned registration date and until the day before the first meeting day of classes. You may also register in-person at the Admissions and Records office in Student Engagement Center (SEC), Room 118. By completing the Application for Admission to Mission College or West Valley College, you may enroll in classes at both campuses. Enrollment may be limited to students meeting course prerequisites or co-requisites.

Unit Load Limitation

For those wishing to graduate in 2 years, a typical class load is 15 units. Twelve units is considered the minimum number of units required for classification as a full-time student. Students wishing to exceed the unit limitations must meet with a counselor. Unit limitations are applied as follows for each fall and spring semester:

- Students are restricted to a maximum load of 18 units.
- Mission Early College High School (MECHS) students are restricted to 15 units.
- High school students (not part of MECHS) are restricted to 8 units.
- Winter and Summer Term have varying unit limits.

Priority Registration

You can earn priority registration by completing 3SP areas of Orientation, Educational Plan, and Placement

- Orientation to help you adjust to your new college
- Placement to ensure you enroll in courses to support your success
- An Education Plan to help you identify the courses required to complete your goals and the best order in which to take them.

Visit 3sp.missioncollege.edu for more information.

Placement and Prerequisites

To earn priority registration and before enrolling in mathematics or English courses, students must acknowledge their Math and English placements. If you wish to enroll in English as a Second Language (ESL) courses, complete the ESL Placement Process. Visit assessment.missioncollege.edu to access the ESL Placement Process.

Dual Enrollment-High School Students Registration

High school students seeking to take classes at Mission College are required to submit an Application for Admission to Mission College as well as a High School Dual Enrollment Form for each term they wish to enroll. After submission of the form, high school students will be assigned a registration date. The registration date is viewable on the My Mission Portal. The High School Dual Enrollment form may be submitted online via the electronic form, via email to dual.enrollment@missioncollege.edu or in-person at SEC Room 118 to Admissions and Records. High school students are highly encouraged to submit forms at least two weeks before registration opens for high school students to allow for processing. For additional information about dual enrollment for high school students, visit hs.missioncollege.edu.

Payment of Fees is Due at Time of Registration

Be prepared to pay any outstanding balance on your account at the time of registration. Outstanding account balances will block you from being able to register in the future. Make payments online via My Mission Portal or in-person at SEC 118. The college has established a payment plan with Nelnet giving you the opportunity to make your college enrollment expenses more convenient and manageable. For more information, visit [Mycollegepaymentplan.com/wvmc](https://mycollegepaymentplan.com/wvmc) or call Nelnet at (800) 609-8056.

Mission College encourages all students to apply for financial aid for assistance paying enrollment fees. To apply, visit financialaid.missioncollege.edu or stop by the Financial Aid office at SEC 118 for support.

Class Wait Lists

A class wait list starts when a class reaches its maximum enrollment capacity during the registration period. You can add your name to a wait-listed class before the class begins. During the registration period, if a student drops from a class that has a wait list, the first student on the wait list will be notified via email to their personal and WVM email addresses and via text that a space in the class is available. The notified student will have up to 48 hours from the time the notification is sent to register into the class. Should the notified student not enroll in the course by the end of the 48 hours, the student will be removed from the wait list and the next student on the wait list will be notified that a space in the class is available. The notification system will continue to notify students on the wait list until the next notified student enrolls in the class or the class starts, whichever comes first. Students may wait list for a section of a course that the student is already enrolled in. However, if the student moves up on the wait list, they will need to drop the original section before an add is allowed for the wait-listed course.

Adding a Class with Add Codes

Beginning on the first day of the course and through the Add/Drop period of the course, you must contact the instructor and ask for an "Add Code" if you want to be added into a class. You will use add codes to enroll into a course via the My Mission Portal. You must use assigned add codes before the Add deadline, which is at the 20% point of the course. A different add code is required for each class to be added on or after the first meeting of the class. Successfully adding a course online with an add code is a two-step process 1.) validation and 2.) submitting changes. Note: Add codes used before the start of the course will generate an error on the Mission Student Portal. You may be able to add a course on or after the Census date with special permission.

Refunds

To be eligible for a refund of enrollment fees, you must drop classes by the published deadline. Dropping a class after the published deadline will result in loss of enrollment fees. Refund requests for ASG cards must be made at the Admissions and Records office by the "last day to drop with a refund" deadline. Refunds for credit card payments will be returned to the credit card used to pay the fees. Check and cash payments will be refunded by check and mailed to a student's current home address on record. You are encouraged to review and confirm your mailing address information on the My Mission Portal. Refunds for eligible students are processed after Census for full-term courses, unless otherwise requested by you. Refunds for complete withdrawals from short-term courses are processed within 7 to 10 business days.

You can access Canvas in the My Mission Portal through single sign-on with your WVM email address or use your student ID number (the default password is your 8-digit birthdate, mm/dd/yy).

Mission Cares

Mission offers crucial resources to students facing food insecurity, housing instability, and other challenges. Our comprehensive effort includes connecting you to on and off-campus support to help you achieve your goals. Some of the options are listed below.

Explore these opportunities at missioncares.missioncollege.edu

Community Referrals

Mission College partners with local community organizations to provide referrals to housing services, emergency shelter, CalFRESH, public assistance, and more. Our partners visit campus regularly and students are welcome to talk one-on-one with their representatives.

Childcare for Full-Time Students

Our on-campus Child Development Center cares for children 6 weeks to kindergarten and is available to students.

Laptop and Wifi Loan Program

If you do not have reliable internet or a personal laptop, we can help. Request to checkout a device for free today.

Second Harvest Food Bank

We provide free food every Tuesday in Parking Lot C for all Mission College students and community members who live in the Santa Clara Valley. In addition, the Mission Market in Campus Center provides weekly free groceries for students.

Semester Textbook Program

The Library offers textbooks to Mission College students in select courses for checkout at no cost for the entire semester. Quantities are limited and checkout starts on the first day of the semester.

VTA SmartPass

Mission College has partnered with Santa Clara VTA to offer students a SmartPass, which grants unlimited rides on VTA light rail and buses throughout Santa Clara County provided student fees are paid. The SmartPass will automatically renew each semester once all fees are paid in full. You can keep the same card from semester to semester and do not need to get it replaced. You paid the fee, now ride for free! For more information, visit smartpass.missioncollege.edu

4

Set up your BankMobile refund selection

Log into My Mission Portal, click on "Refund Selection" and follow the prompts.

Types of Financial Aid

Grants: Financial assistance awarded based on financial need, and typically, it does not require repayment (unless you withdraw from college and owe a refund).

Scholarships: Funds granted to students based on academic achievement, financial need, or other accomplishments to assist with educational expenses. Scholarships typically do not need to be repaid. Explore further details at scholarships.missioncollege.edu.

California College Promise Grant: A type of California state aid that covers the enrollment fee (\$46/unit) for eligible state resident students.

Work Study: A federal student aid program that offers part-time employment opportunities while enrolled in college to help cover educational expenses. Eligibility for this program necessitates a completed FAFSA (Free Application for Federal Student Aid).

Federal Student Loans: Funds borrowed from the federal government to support educational costs. Federal student loans are borrowed funds that must be repaid with interest.

Nelnet Payment Plan

You can make college more affordable by paying for enrollment fees over time. Payment plans break down your student account balance into affordable monthly payments. You pay no interest, payment options are flexible, setup fees are affordable, and it's easy to enroll. For more information, visit Mycollegepaymentplan.com/wvmc

Ask a Counselor

Schedule an appointment with a counselor at counseling.missioncollege.edu to identify the major and career pathways of interest and create an education plan to reach your goals.

Plan a Smooth Transfer Experience

You don't need a degree/certificate to transfer to a university. However, depending on the transfer major you are seeking, it can be a great way to finish major preparatory coursework at Mission. And, usually, it is more affordable, too!

Don't Know What to Study? No Problem!

It's OK if you have not decided on a major, that is what college is for. To explore your options, visit counseling.missioncollege.edu

Understanding Advisories and Course Requisites

If you have completed prerequisites at other colleges, possess AP/CLEP test scores, or have gained knowledge and skills through alternative methods, our Placement and Assessment Services team can help you clear your prerequisites. We may also be able to assist with high school coursework in limited instances.

Understanding Advisories and Course Requisites

As you read about Mission College courses in the College Catalog or in the Class Schedule, you will often see indications about advisories or course requisites. The information below should help you better interpret these indicators.

Advisories

Course advisories are placed on courses as a recommendation that a student should have completed another Mission College course prior to enrollment, but it is not required. Students may also feel confident they are prepared for the course if they have completed a similar course to the advisory course at another college, or if they believe they have acquired the knowledge or skills learned in the advisory course through other means.

Prerequisites

Prerequisites are placed on courses to require students to have either completed another Mission College course or met some other indicator prior to enrollment in this course.

Corequisites

Corequisites are placed on courses to require students to enroll simultaneously in the courses. Sometimes a course is indicated as a Corequisite or Prerequisite which permits the student to enroll if they have previously completed the prerequisite course or are enrolling in it simultaneously.

Antirequisites

An Antirequisite means a student cannot enroll and receive credit for this course if they have already received credit for the Antirequisite course. Students who have questions about or need assistance with meeting requisites can get help from Placement and Assessment Services, Admissions and Records, Counseling, or the academic department in which the course is offered.

Algebra Skills Advisories and Prerequisites

Some courses will have an advisory or prerequisite of Elementary Algebra Skills. This means students have completed a course such as High School Algebra I, Integrated Math I or an equivalent course at a college, or acquired the skills through other means. Mission College has offered an elementary algebra course, MAT 903, which returning students may have completed. Some courses will have an advisory or prerequisite of Intermediate Algebra Skills. This means students have completed a course such as High School Algebra II, Integrated Math III or an equivalent course at a college, or acquired the skills through other means. Mission College has offered an elementary algebra course, MAT 000C, which returning students may have completed.

Reading the requisite requirements

Simple Requisites:

Many requisites are very easy to understand. In the example below, a student must have completed or be currently taking and scheduled to complete ACC001A, or work with Placement and Assessment Services to clear the prerequisite through alternative means, before enrolling in ACC001B for an upcoming term.

ACC 001 MANAGERIAL ACCOUNTING 4.0 UNITS

Prerequisite: ACC 001A

More Than One Requisite:

Some courses may have more than one requisite. In the example below a student must meet two prerequisites, MAT 003B and PHY 004B. In addition, the student is advised (but not required) to have completed MAT 004A, before enrolling in EGR 024.

**EGR 024 INTRODUCTION TO CIRCUIT ANALYSIS
3.0 UNITS**

Prerequisite: MAT 003B and PHY 004B

Advisory: MAT 004A

More Than One Way to Meet the Requisite:

In some cases, students have options in how to meet a requisite. In the example below a student can meet the prerequisite for ART 048B by completing either ART 031A or ART 033C.

ART 048A AIRBRUSH PAINTING 3.0 UNITS

Prerequisite: ART 031A or ART 033C

Complex Requisites:

Occasionally, requisites can be complex. When this happens, parenthesis are used to help communicate the complexities. When you see the parenthesis, you should interpret the information within them as a block before considering the information outside the parenthesis. In the example below, a student must complete BUS 021L or CAP 063B but not both as well as complete MAT 010 or MAT 009 but not both prior to enrollment in BUS 041.

BUS 041 BEGINNING BUSINESS ANALYTIC 3.0 UNITS

Prerequisite: (BUS 021L or CAP 063B) and (MAT 010 or MAT 009)

Advisory: BUS 021

One of the most complex requisites is for BIO 004, where a set of double parenthesis exist. Starting from the left, there is a set of parenthesis indicating a student can choose between four different options to meet the first prerequisite. The student can complete BIO011 or BIO001A or BIO022 or BIO010 and BIO010L. Because BIO010 and BIO010L are in an additional set of parenthesis this information is to be taken as a block. Three of the four options can be met with a single course, while the fourth option requires completion of two courses. Yet another set of parenthesis indicate a student can choose between three different options to meet a second prerequisite. In this case the student must complete one of three possible chemistry course.

BIO 004 MICROBIOLOGY 5.0 UNITS

Prerequisite: ((BIO010 and BIO010L) or BIO011 or BIO001A or BIO022) and (CHM 003A or CHM 001A or CHM 060)

Parking Regulations Overview

On-campus parking requires a valid permit, which is enforced every day from 7:00 a.m. to 10:00 p.m. All other regulations are enforced 24/7. Free semester-length student parking permits can be ordered by logging into the student portal. Visitors can use free 40-minute time zone parking stalls or purchase a one-day permit from a parking machine. All permits must be displayed on the front dashboard and visible from the outside of the vehicle. There is no student parking permit grace period during the summer or winter sessions, but a student parking grace period is observed during the week before and the first week of the fall and spring semesters. Overnight parking requires authorization, motorcycles must use designated two-wheeled vehicle parking, and disabled parking requires a valid placard or specialized license plates. Special parking arrangements must be made in advance, and electric vehicle charging requires a valid permit. Lost or stolen permits must be reported immediately to the District Police.

Learn more at parking.missioncollege.edu or contact Parking Services at 408-855-5435.

IMPORTANT NOTES:

- All final exams are two hours long.
- R = Thursday
- When a course consists of lecture and lab, the final exam is scheduled according to the time of the lecture.
- If your class meets at a time other than those listed, check with your instructor about when the final will be scheduled.
- If there is an unavoidable conflict in your final exam schedule, see your instructor and request to take the exam with another class.
- Exams start promptly at the hours indicated and are held in the same room in which the class regularly met during the term.
