

YES MEANS YES

**You have rights.
Set boundaries.
Practice active consent.
Be an empowered bystander.**

Communicate your limits as clearly as possible. If someone starts to offend you, tell him early and firmly. Say “NO” when you mean “NO” and be prepared to repeat it.

Being turned down when you ask for sex is not a rejection of you personally. “No means no.” Accept the decision.

When you witness a crime,
STAND UP...
Don't stand by!
