

Mission College Online Course Success Rate Comparisons by Age Group

Office of Instruction, April 14, 2022

Observations

- Younger students are more likely to enroll in online courses, especially those in their 20's that are more likely to have family and work obligations.
- Online course success rates are lower than in-person rates for all groups except those that are 40 to 59.

Mission College Enrollment Fall 2021, by Age, Instructional Method, and Course Success

Age Group	Instr. Method	success		nonsuccess		withdrew		total	
		Enrolled	Percent	Enrolled	Percent	Enrolled	Percent	Enrolled	Percent
under 18	Hybrid	31	91%	3	9%			34	100%
